NEWS AND EVENTS FOR THE STUDENTS OF GEORGE BROWN COLLEGE

OCTOBER 1991

NEW ACADEMIC VICE-PRESIDENT AT GEORGE BROWN COLLEGE

George Brown College President John Rankin has announced the appointment of Dr. Patricia Groves as George Brown's Academic Vice-President.

She will be responsible for all academic programs at the downtown college, which has more than 9,000 full-time students, 55,000 part-time students, and a faculty of more than 700 at four main campuses.

Dr. Groves was a Vice-Principal of Vancouver Community College in British Columbia with responsibility for academic programs and student services at two large, downtown campuses with a total full-time student population of 14,000.

Her appointment is the successful conclusion of a national search for candidates that took more than three months, Rankin says. "Our search committee, which included representatives of the Board of Governors, college staff and students, was unanimous in its choice. Patricia closely fit our profile for the position with her strong background in academic administration, extensive teaching experience, and appreciation for vocational education and the work of colleges."

Dr. Groves began her college career teaching sociology at Capilano College in North Vancouver in 1970 while working on her doctorate in that field at the University of British Columbia. (She had previously earned an undergraduate degree in psychology at the University of Toronto.) She was made Head of the Sociology Department at Capilano in 1975, and was elected Chair of the Social Sciences Division by her peers for three one-year terms starting in 1980. In 1982 she was appointed Director of Capilano's Instructional Services Division, where she served as Associate Dean from 1984 to 1987.

In 1987 she joined the senior administration of Vancouver Community College as Dean of Instruction and Student Services for its King Edward Campus. Similar to George Brown in many ways, Vancouver Community College is a large, multi-campus operation in central Vancouver serving a multicultural population with a wide variety of English as a second language, upgrading, apprenticeship and post-secondary pro-

grams. It has 18,000 full-time students, 30,000 part-time students and a staff of 1,300. Dr. Groves was appointed Vice-Principal for Instruction and Student Services at its King Edward Campus and City Centre Campus in April this year.

Throughout her college career, Dr. Groves has contributed to her professional field as a sociologist with papers, lectures and research projects, particularly in the

Congratulations to everyone!

THANKS!!! FROM DEANNA

I would like to thank all GBC staff, students and friends who contributed to the Let's Go - Deanna fund.

I spent 7 exciting days down under, at the World Triathlon Competition, where I met fellow triathletes from all over the globe.

The Canadian team, 124 strong, did extremely well. Our Women finished 1st and 2nd in the Elite Category. I am very pleased with my overall performance: 3rd Canadian, and 14th in the world, in my Age Category.

It was a tremendous experience, and one that would

have not been possible without your Great Support and Encouragement.

Thank you once again. G'Day Mate!

THANK YOU...FROM THE FINANCIAL AID OFFICE

Al, Debbie, Jeanette, Jen, Peter, Rowena and Audrey would like to thank G.B.C. students for their patience, understanding and good humour in spite of being faced with long line-ups the first 6-8 weeks of school. We know how frustrating it must be to find yourself as part of yet another line, but we are trying to find a better way of doing business. So, if you find that the rules of the financial aid game change from week to week, it's because we are trying to find a solution to the lines you may have to face.

We have received more applications so far this year than we did during the whole of last year; we also have more assessments to distribute than ever before. You can help us by ensuring that you have all the required documentation in hand before you visit our office. Also, please understand that the staff of the OSAP office did not invent the policies and procedures by which we are guided, but are trying to offer good service within our bounds (and sometimes, in spite of them). So, if you have any suggestions on how we may improve our services, please drop into the office to discuss them with our staff... we would really like to hear from you.

Now for some directly related issues:

- a) Remember to obtain a Schedule 2/Form R from our office if you have outstanding Canada/Ontario Student Loans and are not negotiating loans this year. These forms are required to ensure your loans remain in interest-free status.
- b) Tuition fees for the year must be paid in full before we will release any January funding. If all fees have not been paid, you will be required to sign over the grant cheque to the College so that fees can be deducted and then wait for the refund (up to 2-3 weeks).
- c) Loan documents and/or grant cheques will be returned to the Ministry for cancellation if they are not picked up within 8 weeks of arrival in the Financial Aid Office.

Thanks again for bearing with us, and continued good luck.

PROTEST

On November 7, George Brown will be protesting against the 3% tax on OSAP, if you are interested in being a part of this please contact Sean Forbes at the Casa Loma Campus at 944-4313.

BOARD OF GOVERNORS MEETINGS

The Academic and Student Affairs Committee will meet on Wednesday, October 30, 1991 at 8:30 p.m. in the Boardroom of 500 MacPherson Avenue (Casa Loma Campus). Light breakfast is served.

The Finance and Property Committee also meets on Wednesday, October 30, at 12:30 p.m. in the Boardroom of 500 MacPherson Avenue. Light lunch is served.

The Human Resources Committee and the Strategic Planning Committees of the Board already met earlier during October.

The monthly meeting of the Board of Governors meets Monday, November 4 at the Nightingale Campus, at 5:00 p.m. The exact location was unknown at press time (October 25) however signs will be posted at the Nightingale campus.

All are welcome at the meetings listed above. If any student has a concern which they would like raised, they should contact Edward Smith, a student at St. James Campus. He is the student representative who sits on the Board on behalf of all students at George Brown. You may contact him at 867-2107 or by leaving a written message at the Reception in the Counselling Office, St. James Campus (King Street entrance).

PETITION

As many students may already be aware, there has now been a 3% "guarantee fee" levied against Canada Student Loans. This fee is primarily to help reduce their deficit of which a large part comes from unpaid loans that have been secured by students in the past. Up until recently, the government of Canada has not taken strong action against delinquent accounts. It is not right that the students of today are penalized for the actions of students in the past nor the inactions of the government.

As a form of protest, a petition has been placed in the SAC Shack and I encourage everyone - both staff and students - to sign it. You do not need to be a recipient of OSAP to sign. Your support is both needed and appreciated.

RECESSION

Ontario is in the midst of a recession. 250,000 jobs have been lost. A million of our fellow citizens are dependent on social assistance or unemployment insurance. And we've also had to face additional expenses, like \$53 million to fight forest fires, that couldn't have been planned for.

I am writing today to let you know that the government is adjusting its spending for the current year to meet its responsibilities and to tell you how Ontario colleges and universities will be affected.

The Treasurer today announced that Ontario will not exceed its announced deficit. To make that happen, all ministries must contribute to the effort. That is how it should be. In the case of my ministry, there are really only two large programs and therefore, only two choices for adjustment: either we reduce the amount of financial aid available to students through OSAP, or we reduce transfer payments to the institutions.

Because of my profound commitment to making a college or university education available to every qualified student, I will not reduce access to OSAP. The funds available for student assistance, therefore, will be left intact.

I should also mention at this point that a number of programs we've initiated during the past 12 months to promote accessibility for Natives, women, people with disabilities and laid-off workers, will also continue in full force.

The adjustments, therefore, must be made in operating grants. This will mean a reduction of \$9,162,569 in operating grants to universities and a \$3,634,132 reduction in operating grants to colleges of applied arts and technology.

Because your administrations have planned its expenditures this year in relation to the announced transfer grant, I will arrange to have the reduction occur at the end of the fiscal year, when it can be absorbed with the least difficulty.

These are hard times and to get through them we all have to do our part. It is my hope that you will join with us in trying to find way to live with the change I am announcing without slowing down the progress you are making towards quality and equity in higher education.

SPORTS UPDATE

ATHLETES OF THE MONTH

SEPTEMBER

MEN'S SOCCER - MIKE SMITH

Mike, an Information Systems student and one of the team's co-captains, has consistently demonstrated his leadership qualities and commitment, in both practice and game situations.

OCTOBER

MEN'S SOCCER - CHRIS SAELENS

Chris, our other co-captain, has been chosen as our Athlete of the Month for October. He has successfully motivated peers, and promoted a team environment among the athletes. Chris's superb defensive skills have kept the Huskies in contention throughout the season.

VARSITY

MEN'S SOCCER

The Men's Huskies Soccer team ended the 1991 outdoor season, by winning 2 of their last 3 games against tough opponents.

In their 10th game this year, George Brown edged RMC, by a score of 1-0. GBC's game-winning goal was scored by Sheldon Smith, while Eoin Ross played superbly in goal, and shut out the opposition.

The Huskies hosted Algonquin in the last game of the season, and played to victory. Goals by Rix Baker and Swayne Hines (on a penalty shot) provided all the scoring GBC required in their 2-1 decision.

WOMEN'S SOCCER

Like the men's team, our Women's Soccer Huskies ended the season with a bang. On Friday October 18, under frigid playing conditions, George

Brown edged Seneca 1-0 on a goal scored by Doris Goulart.

BASKETBALL

League play for the Men's team gets underway on October 26 against Algonquin.

The Women's league begins November 6, at home, with GBC hosting Centennial. St. James campus, 6th floor at 6:00pm.

VOLLEYBALL

The Men's and Women's seasons officially begin in November. The Men participated in a series of exhibition matches against Division 1 colleges, winning the first event. The second tournament ended in a tie, with the final game being called-off due to time constraints.

The first league tournament for our Women Huskies is scheduled for November 22, while the Men begin their season at home on Wednesday November 6, 8:00pm in the St. James Gym.

INTRAMURALS

The Men's and Co-ed Volleyball intramural fall season has been completed. With participation of numerous class teams, competition was fierce at both campuses. Campus winners are as follows:

SPORT:
CASA LOMA:
ST. JAMES:
Men's Volleyball
The Undertakers
Information Systems
Co-ed Volleyball
Fitness 1A
P.H. 7000
Ball Hockey

DON'T DELAY!

WHY ARE WE HERE?

For a split second your silhouette appears across the screen
then your gone.

Oh, how profound.

But always
everything is seen as black and
white and
shades of grey
there is no colour.

Just as in life.

You're here
then you're gone.

If anybody cared to look
they'll think of you
if only for a while.

And then as with all mortal things
with death
You are forgotten.

And then another walks across the screen.

They too are soon forgotten.

STUDENT SUCCESS NETWORK UPDATE

Franky Chernin's job responsibilities have changed, and she is now the Articulation Coordinator. The new Student Services Director, Susan Stylianos will confirm who will take over the coordination and facilitation of the SSN. To provide continuity and ensure that ongoing projects are supported, I will continue as Coordinator until that person is in place. I shall then be most pleased to become an active and supportive member of the Network.

The two chapters of the SSN met:
Casa Loma - October 16
St. James - October 21

Orientation - Feedback was generally positive from both students and staff. Suggestions for improvement included better coordination with departments so that more information re rooms/procedures is available to volunteers and a training/information session for volunteers.

- There was overall concern about the maps for Casa Loma and how inadequate the current ones are. A memo has been addressed to Danny Cushing on this matter.

- An ad hoc committee agreed to meet with the staff person who will be responsible for Orientation to provide more extensive feedback. Committee members

- Franky Chernin, Kathy Daigle, Gerry Nugent, Jason Richards, Sean Forbes, George Carere, Tim Mitchell, Tina Kirby.

Student Success Kit - The kit is currently being sold in the Bookstores and is being piloted in the Nursing program and by students in Allied Health. It has been decided to market the Kit to faculty to use with new classes and to High Schools/Community to prepare students for college. The SSN with Community Outreach and Staff Development will coordinate and facilitate a session with faculty having new classes in January 1992 to pilot this

concept. We will continue to charge \$10 for the Kit, the money going into a fund to hire a student annually to update and order the necessary brochures. Dan Benson, in the Bookstore, has also made suggestions concerning presentation and format, ie. shrink wrapping to avoid brochures being lost.

New Initiatives - Food Drive - Jason Richards (Casa Loma SAC) is coordinating a college-wide campaign in conjunction with the Daily Food Bank for their Christmas Campaign. We are also contacting other colleges to become involved. Proposed date for the drive is November 25 to December 6.

- Alcohol Awareness Week - Tentative date is week of February 3. Proposed activities include a Tea in the Atrium, sponsored by SAC and a Mock-cocktail party in cooperation with the Hospitality Club and SAC.

This will be our second social staff/student event, as one of the aims of the SSN is to encourage that interaction/networking.

An ad hoc committee has been formed to organize the event. Committee members: Barbara Jenkins, Sandra Foster, Kathy Daigle, Karen Krugel, George Carere, Tim Mitchell, Nancy Moore, Jason Richards, Franky Chernin. Next committee meeting is Tuesday November 26 SAC office (St. James).

- The issue of class evaluations was again raised. The College Committee on Evaluation had agreed to report back to the SSN, after our meeting last winter. **We are still waiting to hear from them.** Students expressed their frustration and the necessity of course evaluations for all college courses. We have put this issue on hold for the new SSN coordinator to tackle.

Nursing in Paradise

We think Montserrat, a tiny, forested island in the West Indies blessed with a year-round temperature of around 80 degrees fahrenheit and one hospital, is the paradise of the sun.

But whatever your idea of nursing paradise is -- whether it's working in hospitals in Northern Canada, in rural clinics in Africa or in a medical research facility in the United States -- there are ample opportunities to discover it.

Socially Speaking

Hello to all, and Happy Halloween. I am still, as I sit here typing, wondering what the topic of discussion will be today.

There are a lot of things affecting us at GBC right now so I guess that this might be a good place to start. Let's call this "What bug's Me (or you ?)".

I guess the first beef on my mind is, "why do highschool student get a discount on their TTC Metropass, while we, the really needy students are forgotten?" I think that I can safely say that most of the students at this college pay their own way. How many highschool student pay their own way? It is time the TTC woke up and smelled the coffee. Give us a break!

Problem # 2: "Why did the school start charging a \$60.00 administrative fee when a student needs a fee deferral?" The administration never informed the S.A.C. about this change (it used to be free), and now we have students coming into to our office asking us what this is all about. I can honestly say that for a lot of student who depend on OSAP to subsidize their stay here, this decision is a bad one. I would challenge anyone to justify this fee being applied to a student who is flat broke and waiting for OSAP. This person must, by following the rules, have an official "Fee's Deferral" from our Admissions Office. Now tell me how this person, who may have a few thousand dollars waiting for her/him, can get a deferral if they are flat broke. This just does not make any sense.

Problem # 3: "Why did our wonderful Government decide to impose a 3% administrative fee on student loans?" This is the most obvious and vicious "clawback" I have ever seen. Talk about a really awful way of Kicking The Student In The Head. Give me my money and then take it back, this just doesn't cut it boys. Do you know why they are doing this? Because there have been people (a lot) in the past who defaulted on their loans. Big deal, why

should you and I be paying for some one else who did not cough up the money. This is OUTRAGEOUS! N.B. There will be a province wide protest on Thursday November 7, 1991 to let the government know what you think about this crap.

Problem # 4: : "Why did the Administration decide, without consultation from SAC, that the weekly pub(Camp Zu) should be moved to Friday Afternoons?" This one is a biggie and I really can not say a whole lot about it without becoming extremely rude and possibly offensive. Negotiations are still under way for a resolution to this matter and I hope that we can reach a positive decision. If you have questions or comments about this come by the SAC office and we will talk.

TAKE THIS QUIZ! SHOULD YOU BE AN OWNER?

By Andrew Katz

Please answer the following questions as honestly as possible. There are no actual right or wrong answers, but my suggestions at the end should give you a fair indication of which way to go.

- 1) Are you choosing the restaurant and bar business because you think it offers not only notoriety but also non-stop fun?
- 2) Are you willing to work 16-18 hours or more a day, seven days a week?
- 3) Is your spouse or mate willing to let you work that many hours and still support you in this venture?
- 4) Do you know what the following job descriptions are: dishwasher, busser, cook, waiter or waitress, bartender or general manager?
- 5) Could you do each and every one of the above, sometimes at the same time?
- 6) Can you accept constructive criticism from your customers, as they are all going to tell you how to do everything?
- 7) Are you personable enough to make a dissatisfied customer happy enough to thank you when he leaves?
- 8) Do you know what food and liquor costs are?
- 9) Do you have any idea how food and liquor costs affect your bottom line?
- 10) Can you direct your staff without

making it sound like an order or command?

- 11) Would you close your restaurant if 50% of your staff did not turn up for work?
- 12) Could you direct an undesirable customer to the exit without making a scene?
- 13) Could you open your restaurant and bar for business if your cook and bartender called in to say they will be late?
- 14) Without feeling guilty, are you able to fire someone who is stealing from you?
- 15) Are you self motivated enough to make it work with a "no matter what it takes" attitude?
- 16) Do you have any previous experience in this business, other than one of the following: bartender, waiter or waitress, dishwasher, busser, food runner or cook?
- 17) Can you say no to advertisers, purveyors, entertainers, and others without going on a guilt trip?
- 18) Can you say no to friends and newfound friends looking for freebies?
- 19) Could you drop the price of your product if the restaurant next door did, knowing full well that you would lose money if you did?
- 20) Could you live with the fact that financially you are not going to make any money on your original investment for a minimum of one year?

If you have answered no to four or more of the above questions, I strongly suggest that you stay in your present profession. If you have answered yes to at least 17 questions, I say "Go for it!"

LOONY WINE DRINKING LAWS

These loony old laws are still in effect today:

In Brandon, Manitoba...

it is illegal to tickle a girl under her chin with a feather duster, to get her attention while she's drinking wine.

In Fredricton, New Brunswick...

it is illegal to drink wine through a straw.

In Calgary, Alberta...

it is illegal for women over 220 pounds and attired in shorts to be seen drinking wine in public.

In Charlottetown, PEI...

there is an old law on the books that prohibits citizens from drinking wine in a bathtub.

In Regina, Saskatchewan...

every woman must be found to be wearing a corset when drinking wine in a public place, and doctors are required to inspect each wine drinking female.

In Prince George, British Columbia...

no female wearing a nightgown can be served a glass of wine at a bar or restaurant.

In Enid, Oklahoma...

any person shall not tempt any man's wife with wine.

In Pine Bluff, Arkansas...

any person who shall drink wine in a public place while wearing any device or thing attached to her head, hair, headgear, or hat, which device or thing is capable of lacerating the flesh of another person with whom it may come in contact and which is not sufficiently guarded against the possibility of so doing, shall be adjudged a disorderly person.

November 12 is Municipal Election Day in Ontario

You can vote in the City of Toronto Election if:

- you are 18 years of age or older; and
- you are a Canadian citizen; and
- you, or your husband or wife, live in, rent, or own property in the City of Toronto.

If you will be out of town, or will be otherwise unable to vote on November 12, you can vote on one of the two Advance Poll days: Saturday, November 2 or Wednesday, November 6.

For more information, in English, on where you can vote on Election Day or on the Advance Poll Days, call 392-1600.

Protecting personal safety is a universal need and right. Everyone is painfully aware of how the rate of personal assaults has increased so dramatically. Unfortunately, there have been virtually no legal means of adequately protecting oneself. And it has been virtually impossible to identify and prosecute offenders.

Until now. Until DYEWitness.

DYEWitness travels conveniently with you wherever you go. Its deceptively small size fights back with a 70 lb. blast of foaming green dye. Firing up to seven feet, DYEWitness empties in just seven seconds. Upon contact, it foams over the attacker's face, obscuring vision and assisting in your ability to escape. The green foam leaves a trail from the scene and an unmistakable seven day green stain on the attacker. This person will be easily identified and be unable to go among others without raising suspicion. For law enforcement, it may assist in placing the attacker at the scene of the crime which is often one of the most difficult tasks in the prosecution process.

DYEWitness. For your protection. For your peace of mind. For justice to be done.
